PERSONAL PROFILE

A highly motivated individual with a passion for learning new things and an avid interest in technology. Experience working in groups and as a team leader. Strong leadership and communication skills.

EDUCATION

University of Warwick   *August 2020 - June 2021*
PGCE Computer Science   Distinction

University of Leicester   *September 2016 - June 2020*
BSc Computing with Management   1st Class Honours

EXPERIENCE

Software Engineer - Accenture   *2022*
Full stack software engineer. Focus on web development using JavaScript, React, Node, Express. PostgreSQL, mySQl, and noSQL experience. Cloud experience through AWS and GCP. Deployed full stack containerized applications to the cloud using cloud functions and API gateways. Worked with Channel 4 on their big screen apps for TVs, consoles, and streaming devices.

Computer Science Teacher - University of Warwick   *2020/2021*
During my PGCE degree I taught Computer Science full time to GCSE and A-level students. This role has required me to organise and transform my degree knowledge to a level suitable for secondary school students. As well as this it has demanded organisation skills through planning lessons and a variety of communication methods to appeal to differing age groups.

PERSONAL PROJECTS

LegalProof
An entrepreneurial software project completed as my dissertation that automates will writing for those in the legal profession. It is a functioning web application featuring user accounts stored in a database, implemented through the MVC architecture using a REST API with unit testing.
Languages/Tools   JavaScript, React, node.js, Express, MongoDB, Mocha, Chai

TECHNICAL STRENGTHS

Languages   Python, Java, JavaScript, SQL
Frameworks   Node, Express, React
Platforms   Google Cloud Platform, AWS

INTERESTS

Currently learning how to play the piano
Social badminton player and a member of my university's society
Practitioner of freestyle karate for over 14 years, achieving the rank of Black Belt 3rd Dan
